

## Instruction for registration for the 2014 Eurofinals

The following procedure will be used for the registration for the EMMA EC 2015 in Salzburg, Austria. Please read everything carefully and please follow the instructions.

**Registration ends 31<sup>st</sup> of January 2015**

Please send the registration spreadsheet directly to : [carel@emmanet.com](mailto:carel@emmanet.com)

1. For the registration we've included an Excel spreadsheet (registration eurofinal 2014-2015 Salzburg.xls) in which you can enter all the necessary data for entering these Finals. Please fill this out and send it to Carel.
2. If a competitor is competing in more than one category/class, please put each entry for this competitor on a separate line in the spreadsheet.
3. Please enter ALL equipment information as shown in the spreadsheet!! This is necessary for the equipment statistics as required by our sponsors.
4. All National EMMA Organizations and/or Associations please send the results of your National Finals by E-mail to Carel
  - a. or list of qualifiers by eg qualification points
  - b. or send the URL of the website where these results are published.
5. Of course, if neither the national champion nor the vice-champion are going to the EC, then number 3 can go, or 4 etc. That's why we need the result lists!
6. After receiving BOTH lists (registration and results) we can then set up the administration and finish the preparation for the final.
7. **Please note that the registration for the European Finals is not without obligation. If a competitor has registered using this spreadsheet but does not attend the finals, he or she will not be allowed to compete in the upcoming EMMA European Finals of 2015. You can cancel the registration of a competitor until February 8, 2015**

### Rulebook 2014

#### 2.5.3 International event

International events can only be held with the permission of the EMMA International office. EMMA will work strongly together with the organizing National Association and is responsible for delegating the Event Director, Head Judges and the entire judge team.

Participants for an international Championship (e.g. Euro finals) must qualify before and must start in the same category/ class they qualified in.

The qualification can be accomplished either by being in 1st place on the Finals of a national organization or, if the finals are held to close to or after the international Championship, the first competitor of the national points table will qualify.

The maximum amount of competitors per Nation will be announced at latest three months before the international final.

In every case the national organization must nominate the participants with their data for the international championship 2 weeks before these finals at the latest to allow EMMA the organization of the event .It is the responsibility of the national organization to assure sending only competitors

that qualified themselves for the international championship and that they are in the correct class as well as – where required - that the value of the equipment is within the limits according to the EMMA-value-database

### Note for categories in Sound Quality and Multimedia

For national or international events : If there are more than 14 competitors in a class , the national organization (or on an international event like the Euro Finals EMMA - International) can decide to separate this class by splitting the class in 2 groups and have the best 3 of each group judged by a new judge team to determine the places 1 - 6. As an alternative all cars can be judged by the same team within two days and the best six of this will meet again in a final the following day judged by another team. Places 7, 8, 9 ... will be determined according to the points achieved on the first evaluation.

### Further Information:

#### Price Limited Categories €

Please make sure that the competitors in the price limited categories are **within** their price range. The prices in our official EMMA Database are decisive. So the value of the articles have to be in our official EMMA Value Database! Every competitor has to make sure that his/her articles are in the database!!! It will not be accepted that a competitor uses a product in the price limited category which is not entered in our value database. Furthermore he/she must print an overview with his/her used articles and prices directly from the database (“EMMA Value Sheet”). The use of this printed overview is a requirement for participation in the Eurofinals.

Please advise your competitors that they should send missing articles at latest until 28<sup>th</sup> of February. How to add new articles is described under [www.emmanet.com/value](http://www.emmanet.com/value).

It is up to the competitor and the national organization to prove that the price limitation is correct. If it is not correct at Eurofinals we can disqualify the competitor!

Here is the link to our Value Database: [www.emmanet.com/value](http://www.emmanet.com/value)

### Wild Cards

EMMA intl. decided to give some extra Tickets for the next Eurofinals. The background is that some competitors are already changing the Installation because of the late date in beginning of 2014. Each EMMA affiliated Nation receives **one** wild card to be given to a competitor of the National Associations choice. With this wild card the chosen competitor is allowed to attend the EMMA Eurofinals in Salzburg. Exceptions are Russia and Austria because they are allowed to send 3 cars per category already.

### EMMA ESPL

Please remember, that not all categories are available for European Finals (see rulebook chapter 8).

For ESPL Experienced the FIRST is qualified for the respective class in Advanced category. This means:
