

### GZCA 1500.M1/ GZCA 3000.M1

- High-power mono class D amplifier
- High-efficient class D technology
- Full range frequency response
- 1 ohm stable
- Adjustable low pass filter
- Adjustable high pass filter
- Variable bass boost function
- Adjustable input sensitivity
- Turn-on delay
- Thermal protection
- Short protection
- Overload protection
- Bass level remote control included
- 1500 W max (GZCA 1500.M1)
- 3000 W max (GZCA 3000.M1)
